Purpose – Conference attendees are mainly primary sclerosing cholangitis (PSC) patients and their caregivers, although some medical and industry professionals who are interested in learning more about PSC, current medical research and potential treatments also attend.

Exhibits provide a professional and educational environment in which interested conference attendees have the opportunity to visit the booths in order to receive information about products, services and programs offered by the exhibiting organization. Attendees may also want to discuss clinical trial opportunities offered by the exhibitors.

The 2017 PSC Partners Seeking a Cure annual conference will be hosted in Cleveland in conjunction with the Cleveland Clinic Transplant Center and Digestive Disease and Surgery Institute on June 23 -25th, 2017. Exhibit opportunities are available on Friday, 06/23/17 and Saturday, 06/24/2017. Exhibitors must be pre-approved by PSC Partners Seeking A Cure.
