

Annual Conference

Community Sponsorship Opportunities

2019

June 21-23, 2019

Mayo Clinic

Rochester, Minnesota

Collaborate with PSC Partners.

Together, we will find a cure.

PSC Partners Seeking a Cure provides education and support to primary sclerosing cholangitis (PSC) patients, families, and caregivers, and raises funds to research causes, treatments, and cures for PSC.

The **PSC Partners Seeking a Cure Conference** brings together close to 400 patients, caregivers, families, medical professionals, researchers, and others whose lives are impacted by PSC. The 15th annual conference, held in conjunction with the Mayo Clinic, is June 21-23, 2019.

Many conference presenters are leaders in the PSC world who come from the U.S. as well as international PSC treatment and research centers. Attendees from throughout the U.S., Canada, and other international locations, will learn about the latest research on treatments, medications, and procedures. Additionally, there are peer-to-peer support opportunities and discussion sessions with physicians and other experts.

Engaging the PSC community is a labor of love, but it also is lots of work. Achieving our mission takes a village of committed volunteers, community members, and donors.

Your investment in PSC Partners' 2019 Conference:

- Helps achieve our mission for the PSC community
- Enables us to make the event accessible to as many people as possible by subsidizing a significant portion of registration fees for all patients and caregivers

PSC Partners Seeking a Cure, a 501(c)(3) nonprofit organization, is committed to an independent and unbiased approach to funding, research, treatments, and cures for PSC. All sponsorship support is non-exclusive.
