

**Simple Instructions and How to Join**

## **Making Our Voices Heard: Patient-Focused Drug Development Forum**

**Friday, October 23 -- 10 a.m. – 4 p.m. ET**

1. On the morning of the Forum, click [“Access the Live Stream,”](#) and complete the form that appears. Don’t forget to click SUBMIT. (The link will not be active until 9:40 a.m. ET on Friday.)
2. You will be brought to the Live Stream screen. (See example at right.) Simply click the arrow to join the meeting. If you need to leave the meeting for any reason and want to come back, simply complete step one, again.
3. Scroll down below the screen for links and information to:
  - a. Participate in the live polling.  
(This is for patients and caregivers.)  
Clicking on the button below the Live Screen page is an easy way to participate in polling, but participants can choose to use a mobile device, visit [pollev.com/PSCPFDD](https://pollev.com/PSCPFDD), and participate that way, as well.
  - b. Call into the meeting to make a comment. Phone number is on Live Screen page.  
(Please make sure your comment applies to the topic currently being discussed.)
  - c. Submit a written comment. Comment form is on Live Screen page.  
(Please make sure your comment applies to the topic currently being discussed.)
4. If you are viewing the Live Stream in full screen mode, and you want to do live polling, call in, or send a comment, just exit from full screen and scroll down below the Live Stream screen.
5. Remember, while we hope everyone attends the entire Forum, if you need to leave for any reason, you can always get back in by returning to the [“Access the Live Stream”](#) page.
