

PSC PARTNERS SEEKING A CURE

Primary Sclerosing Cholangitis (PSC) has a new code – K83.01

Use of the new code facilitates:

- › Identification for trials
- › Robust epidemiological and natural history studies
- › Early and better identification and assessment of therapeutic outcomes, and more

Doctors: Use K83.01 when diagnosing PSC patients

Patients: Tell your doctors about the new code, K83.01

Coders: Don't forget to use K83.01 for PSC

Together, we will find a cure.
